

# Basics of Dues

Membership dues are absolutely crucial for the continuation of Circle K International, and it is one of a club's main responsibilities as treasurer to ensure dues are paid fully and promptly. It is important to recognize that while Circle K International is a service-based organization, the benefits of membership extend far beyond our service initiative.

# Benefits for paying dues:

You might have some trouble with convincing members to pay to be in a service club instead of just joining a service club on campus that doesn't require a membership fee. We have looked through all the resources and found these great benefits to mention to your members about why it is important to pay your dues and become an official member! It also helps to combine these benefits with a club spirit item like a shirt, cap, cup, pajama pants, underwear, or anything your heart desires. The best way to present dues to new members is to not call it dues, and never tell them they have to because college students hate to be told what to do! Present it as a member benefit program, or an official membership fee.
