# Top Ten Tips

**#10:** You ARE going to feel overwhelmed at first but just take it one step at a time and you will be fine!

**#9:** Don't be afraid to ask questions or for help!

**#8:** Don't feel like you have to do everything. You are going to have TONS of great ideas and you will want to fit them all into the one year that you have but just remember that every little bit that you do makes a difference so don't feel like you have to do it all at once!

**#7:** Always leave extra time to get to Key Club and Kiwanis Divisionals and other events...you will most likely get lost the first time that you go to a new place.

**#6:** Consider making business cards. They don't have to be anything fancy and you can even make them yourself very easily but you will be asked for your contact information quite often so having them to hand out would make things much easier.

**#5:** Remember that you are a student first...your school work and classes come first.

**#4:** E-mail is a great way to communicate but don't be afraid to use the phone to get in touch with your clubs. Phone conversations are much more personal and are sometimes more efficient and effective.

**#3:** Don't worry if you start saying words like \*amazing,\* \*awesome,\* \*excellent,\* \*fantastic\* and \*outstanding\* all the time. Words like these will become a regular part of your vocabulary.

**#2:** Don't forget that you are a MEMBER of your home club. At your home club meetings and at other points throughout the year, it is your club's officers' time to shine.

**#1:** Remember that it is ALL ABOUT THE SERVICE!! You will get bogged down in reports, emails and other paperwork throughout the year. If you feel yourself getting frustrated, just take a step back and remember what Circle K is truly about...helping out the community and making the world a better place while learning a lot and making tons of friends at the same time! 😊
