

No Slip Socks Service Project

Objective:

This In-House Service Project is a great way to be creative and bring your members together. These socks will be donated to a local hospital for kids so that they don't slip in the hospital during their stay.

Materials:

- Socks
- Puffy Paint

Level of Difficulty:

Easy

Steps:

1. Contact a local hospital to see where you can bring the No Slip Socks
 - a. This is extremely important because they should be able to tell you about how many pairs of socks they will be able to use
2. Once you find out how many pairs of socks they can use, go shopping for socks and puffy paint. It is important to make sure that you buy a variety of sizes and a few extra pairs just in case they have more kids than expected
3. Decorate the socks in any creative designs!
4. Schedule a date to bring the socks to the hospital and hand them out to the kids!

If you want to run this in-house service project at one of your upcoming meetings, please email:

service.committee@nycirclek.org

Someone will be able to take you through the steps and organize the project. We hope you enjoy!
